DAVID BRADSTREET – *“Simply One of the Best”* –

July 6

David Bradstreet is simply one of the best acoustic singer/songwriters in the music business. A Juno Award winner, and working musician for over 35 years, he just released his 14th album, *"Lifelines"*, this past spring.

David's ties to Pointe au Baril are profound, in fact, inspiration for many of his recorded compositions took flight right here in these islands.

On July 6, join David as he weaves an intimate musical tapestry from his vast repertoire of music and song which will captivate and enchant you. His warmth, charm and wit will be celebrated with the accompaniment of two venerable musicians, the multi-talented Jason Fowler and David Woodhead,

The combined forces and charismatic stage presence of these extraordinarily gifted musicians may, literally, blow the roof off.

An Evening of Singing, Songwriting and Performance Brilliance!
